

We are looking for a Senior Product Manager Full Maintenance / Operator Models (m/f/d) for our client -a hidden champion and global player. The role is responsible for the proactive management of products and services along the entire lifecycle.

Senior Project Manager Full Maintenance / Operator Models (m/f/d)

Key Responsibilities:

- Development, implementation and management of business models and strategies around products as well as services in the area of full maintenance and operator models for corrugators and the entire mill.
- Implementation of development projects as well as marketing and sales strategies based on market analyses
- Consulting and support of customers, worldwide subsidiaries and internal departments

Experience/knowledge:

- A university degree as well as sound professional experience in a comparable position;
- Experience in product management as well as in setting up business relevant processes in the area of full maintenance
- Very good knowledge of English, flexibility, willingness to travel, open-mindedness and adaptability
- Excellent communication and moderation skills for the dialog with customers and employees
- Entrepreneurial thinking, results orientation and strong implementation skills
- High level of problem-solving skills, initiative, ability to work independently, methodical thinking and convincing personal appearance

This is what our client offers you:

- individual working time models, as well as the possibility of mobile, location-independent work
- Working for a hidden champion with attractive remuneration, including vacation and Christmas bonuses
- Career and promotion opportunities within the group - also internationally
- Short hierarchical and organizational paths and a good, collegial working atmosphere
- attractive health offers incl. own fitness studio and massage services
- family-friendly and family-run company with the flair of a global player

Location: Weiherhammer
